Introduction

Siskiyou County lies on the northern boundary of California, bordered by Oregon to the north, Del Norte and Humboldt Counties to the west, Trinity, and Shasta Counties to the south and Modoc County to the east. The economic base of the County is a combination of agriculture, forest products, and recreation.

The region encompasses 6,287 square miles with a variety of terrains including valleys, rivers, high desert landscape, and the picturesque Mount Shasta. A significant portion of the County's area is owned by various federal agencies such as the United States Forest Service and the Bureau of Land Management. There are five national forests within Siskiyou County that collectively total approximately sixty percent of the County's land. These federally owned lands limit the amount of property tax available to the County.

Some of the land uses within the region include residential, commercial, industrial, and agricultural. One quarter of the total acreage of the County is used for agricultural purposes.

Siskiyou County ranks 45th in the state for estimated population, which as of January 2023 indicates a projected County population of 43,548. This equates to an estimated 6.93 people per square mile.

The region encompasses nine incorporated cities, five community service districts, plus numerous smaller communities such as Callahan, Cecilville, Edgewood, Gazelle, Greenview, Grenada, Hilt, Horse Creek, Klamath River, Macdoel, Seiad Valley, and Somes Bar. Many of the communities are located along a state route corridor such as State Route 3, State Route 96, State Route 97, or Interstate 5. The City of Yreka is the County seat. The region also includes two federally recognized tribes, the Karuk Tribe, and the Quartz Valley Indian Reservation. Both entities are members of the Technical Advisory Committee. In addition to the numerous local agencies the region also encompasses lands managed by federal land management agencies such as the United States Forest Service (Klamath and Shasta-Trinity) and the Bureau of Land Management.

Coordination between the various agencies within the region and across the north state is essential to the successful delivery of projects. The SCLTC will be actively involved with projects to ensure all appropriate agencies are engaged.

SCLTC will endeavor to engage the numerous local, state, and federal agencies and coordinate transportation planning at the regional level while providing input and coordinating with agencies on smaller scale efforts.

Background

The Siskiyou County Local Transportation Commission (SCLTC) is the designated Regional Transportation Planning Agency (RTPA) for Siskiyou County. SCLTC provides support and assists with coordination on projects between our local partners and various funding programs.

The transportation planning requires involvement from a variety of stakeholders including, but not limited to, federal, state, and local agencies, tribal governments, private partners, and the public. During the year a variety of projects are at various phases of the planning process. The Overall Work Program identifies a set of priorities for Commission staff to accomplish during the fiscal year, which is July 1st to June 30th of the following calendar year.

The Overall Work Program (OWP) identifies opportunities for collaboration, coordination, public engagement and financing for various plans and programs. Each work element within the identifies the funding sources, expected activities, and outcomes. One of the core products of the OWP is the Regional Transportation Plan (RTP). The OWP and RTP should be consistent with federal and state planning goals, programs, plans, and objectives. They represent a unified approach to a multimodal regional transportation network.

The key programs linked to the OWP include the Regional Transportation Improvement Program (RTIP), State Transportation Improvement Program (STIP), Federal State Transportation Improvement Program (FSTIP), State Interregional Transportation Improvement Program (ITIP), and State Highway Operation and Protection Program (SHOPP).

Organization

The Siskiyou County Local Transportation Commission (SCLTC) was created by the Transportation Development Act (TDA) and established in 1972. The SCLTC governing board consists of three delegates appointed by the Siskiyou County Board of Supervisors and three delegates appointed by the League of Local Agencies, which represents the nine incorporated cities. Each appointing agency also has one alternate.

In 2023 the Commission created a full-time Executive Director position to manage all daily activities, projects, and coordination activities. This is currently the Commission's only staff. Commission activities are supported by dedicated transportation funding such as the local transportation funds, rural planning assistance funds (OWP), and other grant programs (as awarded). The Rural Planning Assistance (RPA) funds provide for transportation planning activities within the region and fund most of the work outlined in the OWP.

The Siskiyou County Local Transportation Commission's Technical Advisory Committee (TAC)

consists of representatives from each incorporated City, the Karuk Tribe, the Quartz Valley Indian Reservation, Siskiyou County Public Works, Caltrans District 2, and Siskiyou Transit and General Express. The TAC currently meets as needed to review topics and make recommendations to the SCLTC.

The Social Services Transportation Advisory Council (SSTAC) helps ensure broad citizen participation and assists with the annual Unmet Transit Needs Findings. The SSTAC is a “mechanism to solicit input of transit dependent and transit disadvantaged persons, including the elderly, handicapped and persons of limited means.” The SSTAC will also serve as the Citizens Advisory Committee (CAC) to facilitate community and public input during regional transportation planning activities. Data gathered throughout the year will be used to identify opportunities for coordination of services and identify gaps or needs that are not currently met by existing services.

Public Participation

The Commission encourages participation from the public in a variety of ways. Information about upcoming meetings is posted on the Commission's Facebook Page (<https://www.facebook.com/sistransportation/>). The agenda packets are posted to the Commission's page on the County website in accordance with California Government Code 54954.2. A printed copy of the agenda is posted at the Siskiyou County Transit Center for public review.

Regular meeting agenda packets are sent to any individual who requests to be added to an email notification list. These email notifications are sent to Commissioners, interested Siskiyou County staff, members of the Social Services Transportation Advisory Council (SSTAC), and members of the Technical Advisory Council (TAC).

Commission staff also coordinate with the Public Information Officer and other relevant departments at the County of Siskiyou to distribute information through their various social media platforms to increase public awareness and increase participation in various Commission activities.

The Commission is in the process of developing a comprehensive Public Participation Plan that identifies key stakeholders and methods to regularly engage the public in the transportation planning process. Regular updates, as necessary, will be conducted to ensure ongoing active engagement from the public and stakeholders.

Revenue Sources

SCLTC's Overall Work Program for FY 2024/2025 will utilize \$ 230,000. The anticipated revenue sources are described by fund source below and amounts are included in Table 1 and Appendix A. This program is financed by a combination of State and local funding sources identified below as approved by the SCLTC:

- Rural Planning Assistance (RPA) – These funds are provided by subvention through Caltrans, Rural RPA funds are estimated to be \$6.5 million, pending adoption of the State budget. RPA funds are available for specific eligible uses on a reimbursement basis. Recipients may carry over a maximum of twenty-five percent (25%) of unexpended funds from one fiscal year to the next.
- State Transportation Improvement Program (STIP) Planning, Programming, and Monitoring (PPM) – The Commission may use up to five percent (5%) of its Regional Improvement Program (RIP) shares for eligible PPM activities associated with the STIP requirements. SCLTC is proposing to use a portion of the 2024 STIP shares to continue a contract to provide updated pavement condition index data to local agencies; as well as to complete the next update to the Siskiyou County Regional Transportation Plan.
- Regional Surface Transportation Program (RSTP) - The SCLTC annually receives State Highway Account funds representing the County's share of the Federal Regional Surface Transportation Program.

- Active Transportation Program (ATP) – The Commission was awarded a grant through the California Transportation Commission’s Active Transportation program in October 2021. The grant was awarded for the development of a Regional Active Transportation Plan. RPA and RSTP funds are being used as the required match for the ATP grant.

- Local Transportation Funds (LTF) – The Commission utilizes LTF funds to augment the RPA and STIP funds for any non-eligible expenses throughout the fiscal year.

Work Element 604.1 – Regional Transportation Systems Planning

Purpose

The purpose of this work element is to improve the ongoing regional transportation planning process to achieve a fully coordinated transportation system that includes freight and multimodal improvements within the region, coordinating with local transportation partners and Caltrans, particularly District 2 staff, and functional units including project coordination meetings and attend project development team meetings.

Additionally, coordination with local agencies operating general aviation airports to identify needs between the airports and the transportation facilities connected to them.

Previous Work

- Attend Siskiyou County Planning Commission meetings.
- Attend Happy Camp Complete Streets Open House.
- Attend McCloud Intersection Safety Improvement Project Open House.
- Participated in Project Development Team meetings for various state highway projects.
- Monthly coordination meeting with Caltrans District 2 Office of Local Assistance.
- Participated in Project Development Team meetings for various state highway projects.

Task or Activity, Work Product, and Schedule

Task 1: Attend Caltrans' state highway project open houses on proposed projects.

Product: Public input on proposed transportation needs and concerns related to projects.

Schedule: As needed.

Task 2: Attend Project Development Team meetings for District 2 SHOPP projects to provide local agency input.

Product: Local input on proposed SHOPP projects. Documentation of meeting and concerns raised.

Schedule: As needed.

Task 3: Coordinate with local agency airport operators to identify needs between the airports and the other transportation modes for inclusion in the upcoming Regional Transportation Plan.

Product: List of airport capital improvement projects and needs for future RTP update and grant opportunities.

Schedule: September 2024

Task 4: Monitor legislation related to funding, grants, or policy changes for region's airports

Product: Identification of potential grant opportunities and policy changes that may impact local operators.

Schedule: September 2024

Task 5: Monthly coordination meeting with Caltrans District 2 Office of Local Assistance.

Product: Ongoing communication regarding local projects, funding opportunities, etc.

Schedule: Monthly

Task 6: Compilation of data needs for various CTC initiatives such as SB 1121.

Product: Data as requested by CTC staff to support the region's financial needs for maintenance of the transportation network.

Schedule: As needed

Task 7: Participate in various Zero Emissions technical groups related to the transition to alternative fuel sources.

Product: Increased knowledge and shared information for the Commission and local agencies to assist with the transition to zero emissions vehicles in the region.

Schedule: Monthly or quarterly depending on the specific working group.

Task 8: Coordination and review of Caltrans planning efforts such as corridor plans.

Product: Local input on transportation system needs within the region.

Schedule: As requested by Caltrans.

Task 9: Attend Siskiyou County Planning Commission meetings to provide feedback on proposed developments and potential impacts to existing transportation infrastructure.

Product: Engagement on transportation related projects.

Schedule: Planning Commission meets monthly.

Task 10: Coordination with Siskiyou County's GIS department to develop data sets for multimodal transportation facilities within region.

Product: Dataset for use in multimodal planning efforts.

Schedule: Quarterly

Task 11: Coordinate with region's airport operators for capital improvements data, grant funding opportunities, and multimodal connections.

Product: Capital improvement project lists

Schedule: Quarterly

Work Element 604.2 – Pavement Management System

Purpose

The purpose of this work element is to provide local agencies with a regional pavement management system, including software for each agency. This data allows for planning and assessing future regional transportation needs throughout the county. The ability to identify potential projects and regional priorities is possible through the assessment of which roadways are most in need of repaving and rehabilitation. The information collected is also used by local agencies as a performance measure for the Regional Transportation Improvement Program (RTIP).

Previous Work

- Purchase of annual licenses for StreetSaver for each local agency (seven total).
- Finalized Request for Proposals for subsequent contract for updates. (FY 2023/2024)
- SCLTC awarded a contract to NCE in December 2023 for 3-year term to conduct PCI updates. Initial work will be conducted in the spring of 2024.

Task or Activity, Work Product, and Schedule

Task 1: Coordinate access to StreetSaver for each local agency.

Product: Data accessible by local agencies as needed

Schedule: Annually or as needed due to staff changes.

Task 2: Purchase of software licenses for local agencies. (Consultant - MTC)

Product: Pavement Management Software “StreetSaver”

Schedule: July - Annually

Task 3: Update pavement condition data for a portion of the maintained mileage within the region. This information will provide data to be used to determine project priority for various funding sources (i.e., STIP, RSTP). (Consultant - NCE)

Product: Updated PCI data for use by local agencies, the SCLTC, and the CTC.

Schedule: Data collection will occur in the spring of each year. Analysis and reporting to local agencies will take place in the fall each year.

Budget - Work Element 604.2 - Pavement Management System					
Responsible Agency	RPA	PPM	Local Funds	ATP	Amount
SCLTC	\$4,500	\$ -	\$ -	\$ -	\$ 4,500

				Total:	\$ 115,285

Work Element 604.3 – Regional Transportation Improvement Program

Purpose

The purpose of this work element is the ongoing oversight and assistance to local agencies for projects included in the Siskiyou County Local Transportation Commission’s 2024 Regional Transportation Improvement Program (RTIP).

Previous Work

- Preparation of the 2024 Regional Transportation Improvement Program (RTIP).
- Meetings with each local agency and Caltrans to review existing projects, new proposed projects, and Complete Streets components in projects.
- Attend meetings with local agencies, Caltrans, and CTC staff to review extension requests.

Task or Activity, Work Product, and Schedule

Task 1: Quarterly meetings with local agencies, including tribal representatives, and Caltrans D2 - Office of Local Assistance to review upcoming programmed projects.

Product: Meeting notes and assistance to local agency staff.

Schedule: Quarterly (July/September/December/March)

Task 2: Review allocation requests, timely use of funds deadlines, etc.

Product: Approved allocation requests and completed projects within timelines established.

Schedule: Ongoing and as needed.

Task 3: Update interactive RTIP map to reflect completed projects.

Product: Updated information for public review on completed and pending projects.

Schedule: Ongoing and as needed.

Task 4: Participate in CTC, NSSR, RTPA, and RCTF meetings regarding State Transportation Improvement Program (STIP).

Product: Updated information for decision making at the local level.

Schedule: Ongoing and as needed.

Budget - Work Element 604.3 - Regional Transportation Improvement Program					
Responsible Agency	RPA	PPM	Local Funds	ATP	Amount
SCLTC	\$ 8,500	\$ -	\$ -	\$ -	\$ 8,500
Total:					\$ 8,500

Work Element 604.4 – Regional Transportation Plan

Purpose

This element includes the next update to Siskiyou County’s Regional Transportation Plan. The Regional Transportation Plan serves as the transportation planning "blueprint" for a 20-year horizon. As a result of the work the RTP will be updated, in conjunction with local, state, and federal agencies, to identify project lists for all modes, funding needs and sources, and will be consistent with the 2024 Regional Transportation Plan Guidelines adopted by the California Transportation Commission.

Previous Work

- Coordinate with Siskiyou County Community Development on transportation portions of their General Plan Update.
- Prepared and processed an amendment for the City of Yreka’s Knapp Street project. (December 2023)

Task or Activity, Work Product, and Schedule

Task 1: Prepare a Request for Proposals for a consultant to perform the update to the Regional Transportation Plan.

Product: Final draft Request for Proposals.

Schedule: Begin work in July 2024 and have RFP released by August 31, 2024.

Task 2: Consultant selection and contract award.

Product: Review all responses from RFP process and select consultant.
Consultant contract approved by SCLTC.

Schedule: August 2024 with contract award tentatively at October SCLTC meeting.

Task 3: Coordinate with consultant and local agencies on information necessary to update plan.

Product: Project lists, priorities for new plan, and draft documents.

Schedule: October 2024 through June 2025.

Budget - Work Element 604.4 - Regional Transportation Plan					
Responsible Agency	RPA	PPM	Local Funds	ATP	Amount
SCLTC	\$ 25,000	\$ -	\$ -	\$ -	\$ 25,000
Consultant	\$ -	\$ 150,000	\$ -	\$ -	\$ 150,000
Total:					\$ 175,000

Work Element 605.1 – Multimodal and Public Transportation Planning

Purpose

Coordinate activities between Siskiyou County Local Transportation Commission, the State, Tribal Governments, and local agencies on multimodal and public transportation planning including coordination with the Social Services Transportation Advisory Council (SSTAC) on unmet transportation needs in the region. This coordination will include identification of development of regional transit needs for inclusion in the upcoming Regional Transportation Plan and future regional planning efforts.

Coordination between Siskiyou Transit and General Express (STAGE) on the coordinated plan and the regional transportation plan. Update the Coordinated Public Transit – Human Services Transportation Plan for Siskiyou County.

Planning on transit needs related to the transition to Zero Emissions. Review of the Transit Asset Management plan with STAGE.

Previous Work

- Attend meetings on Happy Camp Complete Streets project. (October 2023 through February 2024)
- Analysis of unmet needs request for the Mt Shasta Ski Park. (August 2023 through January 2024.)
- Participation in Social Services Transportation Advisory Council activities. (Spring 2024)
- Updated and submitted display ads and legal notices for unmet needs public hearing. (February 2024)
- Complete analysis of unmet needs request for Mt Shasta Ski Park with final report to Commission. (August 2023 through January 2024)

Task or Activity, Work Product, and Schedule

Task 1: Monitor activities related to non-motorized needs within region including walking, biking, transit, and other modes of active transportation for inclusion in future local or state improvement projects and information on grants that may be beneficial to related agencies.

Product: Project list for future Bicycle/Pedestrian Plans and Regional Transportation Plan. Information on grant opportunities for local agencies.

Schedule: October 2024

Task 2: Review Coordinated Public Transit – Human Services Transportation Plan to identify sections that are outdated and require updating. Begin work on draft document.

Product: Updated components for the Coordinated Public Transit – Human Services Transportation Plan.

Schedule: November 2024 through March 2025

Task 3: Consult with local agencies, tribal partners, public, and private transportation

operators to identify needs and opportunities for coordinated efforts.

Product: One day workshop facilitated by consultant.
Documentation of existing services, gaps in services, report of existing providers, needs and project ideas for future grant opportunities.

Schedule: Annual workshop and quarterly review

Task 4: Attend community meetings to discuss and identify multimodal options for region's projects.

Product: Documents of needs and project ideas for future grant opportunities.

Schedule: Monthly or quarterly

Task 5: Attend meetings, trainings, or conferences related to transit and multimodal options.

Product: Knowledge of planning, coordination, legislation, and funding options.

Schedule: Monthly, Quarterly, or Semi-Annual Events

Task 6: Review Short Range Transit Plan and work with transit operator on implementation strategies for identified recommendations.

Product: Project list for next Regional Transportation Plan

Schedule: Quarterly

Task 7: Unmet needs advertising, schedule social media posts to promote public hearing, and coordinate with County's Public Information Officer and Siskiyou Transit and General Express (STAGE) to help publicize public hearing.

Product: Final ads and legal notices for public hearing.
Public hearing held by SCLTC.

Schedule: January 2025 – Update ads and legal notices.
February 2025 – Submit to newspaper for publishing.

Task 8: Conduct public hearing and subsequent SSTAC meeting to review requests for service.

Product: Documentation of request received during public hearing.

Schedule: April 2025 – Public hearing at SCLTC regular meeting.
April to May 2025 – SSTAC meeting to review unmet needs requests.
May 2025 – SSTAC recommendation referred to SCLTC.

Task 9: Summarize findings and prepare agenda item for Commission's consideration with unmet needs findings.

Product: Agenda materials and minutes with actions of Commission.

Schedule: June 2025 – SCLTC adopts resolution with findings.

Task 10: Preparation of documentation for submission to State of California on unmet needs process.

Product: Unmet needs documentation package for State.
 Schedule: July 2025

Work Element 605.2 – Siskiyou County Regional Active Transportation Plan

Purpose

Continued coordination on the development of a regional active transportation plan for Siskiyou County. This task also includes continued coordination with the Technical Advisory Committee (TAC) and Social Services Transportation Advisory Council (SSTAC).

Previous Work

- Contract award to Alta Planning + Design. (November 2023)
- Biweekly project team meetings with Alta Planning. (November 2023 through present)
- Draft existing conditions report prepared by Alta Planning.
- Finalized public engagement plan.
- TAC meeting on February 28, 2024, to review the existing conditions draft report.
- Community walk audits and open house event. (April 2024)
- Attending community events to gather input from the public. (Beginning May 2024 and continuing through summer 2024.)

Task or Activity, Work Product, and Schedule

Task 1: Community and stakeholder outreach including conducting community workshops, meeting with key stakeholders, provide updates to TAC and SCLTC.

Product: Public feedback from outreach events, TAC, and SCLTC input.
Schedule: July 2024 through March 2025.

Task 2: Develop Plan Components including comprehensive and prioritized project lists, funding sources matrix, community outreach findings and needs analysis, and implementation plan.

Product: Draft regional active transportation plan.
Schedule: September 2024 through January 2025.

Task 3: Finalize final draft and obtain adoption by SCLTC.

Product: Adopted regional active transportation plan.
Schedule: February/March 2025

Work Element 606 – Siskiyou County Evacuation and Preparedness Plan

Purpose

The Siskiyou County Evacuation and Preparedness Plan is intended to coordinate evacuations and other activities to standardize response protocols for potential natural disasters including wildfires, mud flows, or flooding in the future. The project will also be used to educate community members on best practices and procedures to better prepare for future events, helping to facilitate orderly evacuations when needed.

Previous Work

Task or Activity, Work Product, and Schedule

Task 01: Project Administration

The Siskiyou County Local Transportation Commission (SCLTC) will conduct a kick-off meeting with Caltrans staff to identify project contacts, discuss grant procedures and expectations (including invoicing and reporting) and all other relevant project information. The project will be managed and administered pursuant to the Grant Application Guidelines, Regional Planning Handbook, and the grant contract executed with Caltrans.

SCLTC will prepare and submit complete invoice packages to Caltrans district staff based on milestone completion on a quarterly basis, but not more frequently than monthly. Quarterly reports will also be submitted providing a summary of project progress and grant/local match expenditures.

Task 01 - Deliverables
Schedule and Conduct Kick-off meeting with Caltrans – Meeting Notes
Quarterly invoices and progress reports.

Task 02: Consultant Procurement

Siskiyou County Local Transportation will procure a consultant, consistent with state and federal requirements, Local Assistance Procedures Manual for procuring non-Architectural and Engineering consultants, the Grant Application Guide, Regional Planning Handbook, and the executed grant contract between Caltrans and the grantee. As part of this process, staff will further refine the Scope of Work and prepare and distribute Request for Proposals (RFP) for consultant services. A Consultant Selection Committee will be formed to review proposals received and to select a consultant to perform the work. Once selected, staff will prepare and execute a contract for services with the successful consultant.

Task 02 - Deliverables

Final draft of the Request for Proposals
--

Selection Committee Scoring Sheets and meeting notes.

Executed contract between SCLTC and consultant.

Task 1: Coordination with Project Partners

The consultant and Siskiyou County Local Transportation Commission staff will form a Steering Committee consisting of representatives from each of the region's nine cities as well as County officials from the Siskiyou County Office of Emergency Services (OES), Siskiyou County Sheriff's Office, and Siskiyou County Health and Human Services Agency and other key members such as STAGE, local tribal governments, Cal-Fire, US Forest Service, local emergency response agencies, and Caltrans.

The consultant will also conduct a kick-off meeting with Steering Committee members to share contact information, develop lines of communication, and to clarify the objectives of the project. Steering Committee meetings will be conducted monthly to ensure good communication on upcoming tasks and to ensure that the project remains on schedule and within budget.

Task 1 - Deliverables

List of Steering Committee Members

Kick-off meeting agenda and meeting notes.
--

Steering Committee meeting agendas and meeting notes.

Task 2: Data Collection/Vulnerability Assessment

The consultant will gather and review existing data pertaining to emergency response protocols in the region or those that may have been included in prior planning studies, needs assessments, community plans, the Regional Transportation Plan, or safety reviews, or other State of Federal agency emergency plans. Regional data on previous natural disasters will also be reviewed as part of the review. The consultant shall also coordinate with key agency officials to conduct information gathering interviews.

The consultant will review and summarize the region's demographic makeup and the geographic locations of potentially higher risk populations. The assessment will identify areas of the region that are most vulnerable during a fire emergency, mudslide, or other natural disaster based on (but not limited to) factors such as fire risk, limitations on ingress and egress for evacuation, and location of higher risk population segments that may require assistance during evacuations (i.e. senior, disabled, low-income, etc.).

The consultant will identify and map key transportation facilities serving the identified vulnerable areas; those most likely to be impacted in a wildfire, flood, or other emergency because of closure, congestion, reduced capacity, etc. Adaptation strategies shall be developed that mitigate or eliminate identified impacts, with a particular focus on potential social equity and economic outcomes. Mapping products shall include at a minimum: network route mapping, evacuation mapping, network of shelter sites, and wildfire priority areas. A prioritized list of 10-15 projects shall be prepared of recommended network improvement projects, including

strategies for funding and implementation.

A bibliography shall be prepared including documents, studies, and/or reports reviewed with a summary of their relevance to the project. The summary will be presented to the Steering Committee for review and comment.

Task 2 - Deliverables
List of existing plans and data review.
Vulnerability assessment memo including analysis, findings, mapping products, and prioritized list of recommended network improvement projects with funding strategies.

Task 3: Public Outreach

With input from the Steering Committee, the consultant shall develop an outreach strategy that includes efforts to reach vulnerable and underserved populations within the region as well as others likely to be impacted or concerned with outcomes of the project. Outreach strategy will include, at a minimum, both surveys (print and online) and in-person workshops. The consultant shall prepare meeting and survey materials in English and Spanish and will advertise public workshops in the community, using a variety of outreach methods consistent with the Siskiyou County Local Transportation Commission Public Participation Plan. This shall include, at a minimum, press releases in local media (newspapers/radio) as well as social media and other methods of outreach including, but not limited to online.

To truly interact and garner input from the various communities a total of thirteen twelve initial public workshops will be held. This number may seem high at first glance, but when you review the map of Siskiyou County and the disadvantaged communities throughout the region there are significant distances between them. Some of these communities, and their residents, have limited access to public transportation. This would be a barrier to engaging them in the planning process. The public workshops are proposed in Fort Jones, Etna, Greenview, Happy Camp, Dorris, Lake Shastina, McCloud, Montague, Mt Shasta, Tulelake, Weed, and Yreka.

The first round of workshops will be held early in the process (concurrent with Task 2) to inform the public of the need and objectives of the project, the timeline, and the various methods made available for public input. The second set of five regional workshops (Butte Valley, Scott Valley, Mt Shasta, Happy Camp/Hwy 96 Corridor, and Yreka) will take place when the Draft Plan is made available for public review (Task 5 below).

As part of the public workshops the Siskiyou County Office of Emergency Services (OES) will develop pre-made emergency preparedness packets for residents to utilize for important documents and final evacuation maps. The project would also include printing by OES of informational postcards, and necessary postage, that would be sent to all mailing addresses in the region to increase awareness of emergency preparedness, and alert systems.

The consultant shall coordinate with key agency officials to conduct information gathering interviews. These will be an important component of the overall plan in determining the historical roles of each during past events. Information obtained will be used to identify capabilities and capacities of individual agencies in coordinating large scale evacuations, as well as developing proper messaging strategies to help the public with emergency preparations. In addition, a

presentation before the Social Services Transportation Advisory Council (SSTAC) will be given to obtain feedback from representatives of senior, disabled, and low-income agencies (public and private) regarding evacuation strategies of these target populations.

The consultant shall record all notes, comments, and or concerns submitted in written form or discussed at community workshops. This will include consultant comments or commitments that were made to address such issues.

SCLTC staff will assist with and participate in the public outreach process.

Task 3 - Deliverables
Prepare outreach strategy and surveys.
Advertising materials, news releases, surveys, etc.
Community workshop materials (sign-in sheets, notes, etc.) including records of public comments.
Emergency preparedness packets for residents.

Task 4: Evacuation and Preparedness Analysis

Consultant shall evaluate all input (within the context of the established project objectives) received from agency officials, the public, and other stakeholders. Existing organizational structures and established lines of communication between agencies involved with emergency evacuations will be used to guide the Plan's development with respect to future protocols. An evaluation of existing Memoranda of Understanding (MOUs) and/or contracts that have been used in past events will help determine whether better or more consistent coordination is needed.

Recommendations will be developed as part of the analysis.

The consultant will review existing plans and suggest improvements to emergency communication methods informing the public before, during, or after disaster events regarding evacuation, repopulation, or other necessary information. This may include online resources, the use of social media, or other communication methods to notify the public of available emergency transportation services, evacuation preparedness, access to additional services, etc. A focus will be placed on evacuation methods for vulnerable populations or those in need of assistance (seniors, disabled, school children, etc.).

An inventory of critical transportation facilities and assets will be created, with maintenance recommendations as well as alternate route options provided for each. This may include private routes which will require recommendations on how to secure future access (e.g. easements, MOUs, etc.). Where no alternate routes are available, the consultant will recommend potential new facilities for vulnerable areas, with potential funding sources to be identified for their future development.

The consultant will review existing training and/or drills used by local agencies and recommend changes or additions to current practices. The consultant will also identify possible funding

sources for implementation of parts or all of the Evacuation and Preparedness Plan, including continuing the Steering Committee past the life of project completion, training and drills, improved communication between the agencies and with the public, and evacuation route maintenance or improvements.

The consultant shall prepare an administrative Draft Evacuation and Preparedness Plan, which will be presented to the Steering Committee for review and comment, prior to being posted for public review.

The consultant will present the administrative Draft at five public workshops. The workshops will be used to inform the public of the overall project findings as well as to solicit final comments that can be incorporated into a final draft.

SCLTC staff will review the analyses provided by the consultant.

Task 4 - Deliverables

Draft Evacuation and Preparedness Plan
--

Task 5: Draft and Final Evacuation and Preparedness Plan

The consultant shall prepare the final draft Siskiyou County Evacuation and Preparedness Plan in consideration of all Steering Committee, Social Services Transportation Advisory Council, stakeholder, and public comments, suggested corrections, and other input received on the draft version.

The consultant shall present the draft final Siskiyou County Evacuation and Preparedness Plan to the Siskiyou County Local Transportation Commission at a public hearing for comment, consideration, and final adoption. Following the public hearing and Commission adoption of the plan, the consultant shall prepare final bound copies (exact number to be determined and established in the consultant contract) as well as an electronic copy of the final product and appendices, then deliver to the Siskiyou County Local Transportation Commission and other stakeholder agencies.

SCLTC staff will review the draft and final versions of the plan.

Task 5 - Deliverables

Final Draft Evacuation and Preparedness Plan that includes a summary of next steps towards implementation, credits FHWA, FTA, and/or Caltrans on the cover or title page, submitted to Caltrans in an ADA accessible electronic copy.

Presentation of Plan to Siskiyou County Local Transportation Commission

Next Steps

Once adopted, copies of the Final Plan will be distributed to stakeholder agencies for reference and implementation. The Siskiyou County Local Transportation Commission will pursue methods and funds in which to continue future meetings and coordination between previous Steering Committee members and agencies. Likewise, funding for future public outreach will be pursued in order to keep the public informed of preparedness strategies and best practices as

derived from the final product.
